Education

Seoul National University (SNU), Seoul, Republic of Korea

- B.S. in Computer Science and Engineering Mar 2024 - Present
- Kim Jaechul AI Class Sep 2026 - Present
- Cumulative GPA: 4.24 / 4.3, Major GPA: 4.27 / 4.3

Seoul Science High School, Seoul, Republic of Korea

Mar 2021 - Feb 2023

Research Interests

- **AI Optimization.** Optimizing AI across training, inference and serving, compression and quantization, AI compilers, and hardware acceleration; currently applied to foundation models and time series modeling.
- **AI in the Physical World.** Putting those optimized models to work in the physical world (like robotics), where latency, memory, and power are real constraints.

Experience

Machine Learning Lab, Seoul National University

Dec 2025 - Present

Research Intern (Advisor: Prof. Hyun Oh Song)

Seoul, South Korea

- Researching a dynamic programming based dynamic decoding process for time series foundation models.

Projects

SNU AI Challenge 2026: Storyline Frame Ordering

Jul 2026 - Aug 2026

- Given a caption describing a storyline and four shuffled frames from that story, predict each frame's position in the correct temporal order.
- Finalist, one of 12 teams out of 206; placed 10th overall.

Image2Answer: 4-Option MCQ Solver

Aug 2025

- A vision-language pipeline that reads a question image and predicts the correct choice among the four options.
- Samsung Collegiate Programming Challenge (AI track): one of 41 finalists out of 1,483 entrants.

Easy ARC-AGI Challenge Solver

Spring 2025

- Infers the rule behind a few example grid pairs and applies it to an unseen input, for grids up to 10×10 .
- Private score 63/100.

Honors and Awards

Finalist, 10th of 206 teams, SNU AI Challenge 2026	2026
Entrepreneur Award (1st in business idea), 3rd SKYST Joint Hackathon	2025
One of 41 finalists (1,483 entrants), Samsung Collegiate Programming Challenge (AI track)	2025
National Science & Technology Scholarship (Full Scholarship)	2024
8th of 275 pairs, Simon Marais Mathematics Competition (Pairs division, East)	2024
Best Award, Graduation Thesis in Mathematics, Seoul Science High School	2023
Gold Medal, Korean Mathematical Olympiad (KMO), high school division	2022
Best Award, R&E Research Competition in Mathematics, Seoul Science High School	2022

Skills

Programming. Python, PyTorch, C / C++, Shell **Languages.** Korean (native), English
